

Express Forage oat

Forages

450mm+

4.5 – 8.0

Most soil types

PBR

Express is the latest high-performance forage oat variety ideal for farmers looking for more forage yield in grazing, or for hay / silage situations.

Bred and developed by Barenbrug, Express is late maturing with excellent spring and overall yield performance. It benefits from excellent recovery after grazing compared to other similar varieties, plus excellent growth during winter when feed is most needed.

Key features

- Increased forage yield of 4% over Mammoth in multi-year / multi-site analysis (2012-2017) trials
- Late maturity
- Early growth is quick and vigorous
- High spring and overall dry matter yield
- Excellent recovery from grazing
- Finely tillered
- Good BYDV tolerance

Key benefits

- Higher levels of production particularly in spring and winter compared with older varieties, for more profitable meat production
- Fast establishment = Fast to first graze
- Retains fodder quality late in the season to keep stock going.

Express (left) and Forester (right). Express demonstrating more winter yield and greater recovery after grazing.

Performance

Express was selected for its consistent high yields over 6 years of trials. In the trial results below, (6) denotes the number of trials the variety was included in the multi-site analysis).

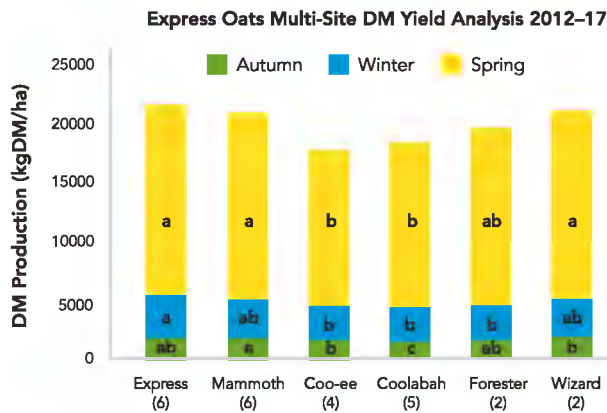

Figure 1: Express is a high yielding forage oat producing quality feed throughout the season.

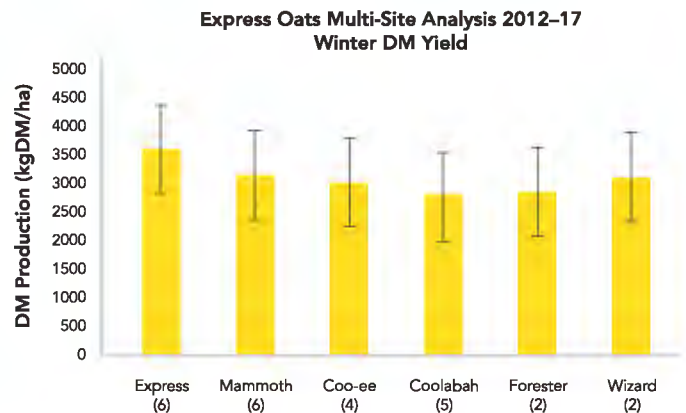

Figure 2: Express produces more winter feed than other similar varieties.

Sowing rates

The recommended planting times are March – April:

Application / sowing rate	Dryland kg/ha	Irrigation kg/ha	Spring
Temperate	70–90	70–90	100–120
Sub-tropical	30–60	80–100	–

Grow with Confidence

Plant Breeders Rights (PBR): This variety is registered under Plant Breeders Rights (PBR) in Australia. Unauthorised commercial propagation or any sale, conditioning, export, import or stocking of propagating material is an infringement under the Plant Breeders Rights Act (1994). Any breach of this legislation will leave the grower liable for prosecution.
